

The National Conference on
Wilderness Medicine
Hawaii

Maui April 8-12, 2015

*Hawaii is known for its idyllic
beaches and breathtaking scenery.*

Program Objectives

- 1) Identify prevention and treatment of altitude illness based on an understanding of the underlying physiology
- 2) Recognize and properly manage frostbite in the field
- 3) Identify and treat hypothermia in the field
- 4) Identify fracture and dislocation in the wilderness
- 5) Identify the pathophysiology and treatment of heat related illness

Target Audience:

Primary care physicians, nurses, physician assistants, and other health care providers who might encounter patients in remote settings or who may treat patients that develop medical problems after visiting remote areas. No outside commercial support has been received for this activity.

Testimonials From Your Colleagues...

“Absolutely the most enjoyable and interesting CME conference I have ever attended! Probably the best group of lecturers I have ever experienced.”

Daniel Nordin, MD Internal Medicine

“I attended the conference as a representative from ACEP Education Committee...it was the best conference I have been to in years. Well organized, excellent speakers and great setting.”

Katie Hurt, MD

“Most enjoyable and useful conference I’ve attended in the last 20 years. I hope to return every year hereafter.”

Alan Lyn, MD FP Santa Paula, CA.

“Truly, the CME course of a lifetime.”

Christopher Lang, MD

Wilderness Medicine
Medicine and the Spirit of Adventure

Opportunities for fun on Maui are virtually endless. So, what do you want to do first?

Please contact A Meeting by Design 888-995-3088 for assistance in booking your recreational activities.

GOLF - Maui is home to several world-class golf courses including Kapalua, Makena, Wailea, and Royal Kaanapali. Most come with an inspiring ocean view or spectacular mountain backdrop.

HIKING - Maui is a hiker's paradise. Inviting trails will take you through spectacular canyons, past breathtaking waterfalls and lead you to incredible volcanic features, including Haleakala crater.

FISHING - Maui is a popular spot for saltwater anglers. Marlin, Ahi, Ono, and Aku are found in abundance off the Maui coast.

KAYAKING AND STAND UP PADDLEBOARDING are fantastic ways to explore the coastal environment. You can rent kayaks and SUP's for guided or self-guided tours.

WINDSURFING - Maui's unique combination of protected lagoon waters and steadily blowing winds make it a great location for beginner and advanced windsurfers.

HAWAII ISLAND OF DISCOVERY

The most difficult thing about a visit to Hawaii - besides getting on the plane to return home - is knowing where to start once you get there.

WHALE AND DOLPHIN WATCHING is a not to be a missed experience this time of year. Ocean kayaks are available to paddle out to view the many whales swimming right off the coast. Whale watch cruises and sails also go out often.

SNORKELING AND SCUBA DIVING - Some of the best snorkeling and diving in Hawaii is found along the Maui coast near the resort. The water is clear and sea life is abundant. Molokini Crater is one of the most famous sites.

HELICOPTER FLIGHT TOURS Flights will take you over craters, through canyons and past spectacular waterfalls.

DRUMS OF THE PACIFIC LUAU - Witness songs and dances of Tahiti, Fiji, New Zealand, Tonga, Hawaii and the thrilling Samoan fire-knife dance at Maui's most exciting luau! Conveniently located at the Oceanside Sunset Terrace at the Hyatt.

LODGING BEGINNING AT \$189!

EXCLUSIVE TRAVEL DISCOUNTS- BOOK EARLY FOR BEST RATES AND AVAILABILITY!

The official travel agency for Wilderness Medicine is A Meeting by Design. In addition to handling registration, they can arrange all of your travel needs for "one stop shopping." Their agents have been assisting with travel to the Hawaiian Islands for more than 15 years and know the best routes. Special discounted airfare and car rental rates are negotiated for travel purchased in advance; BEST RATE, ONLINE TICKETING NOW AVAILABLE WITHIN THE REGISTRATION SITE. Call our Hawaiian experts, at 888-995-3088 or info@ameetingbydesign.com.

Enjoy the conference at the amazing Hyatt Regency on Maui.

On the sparkling blue waters of the Pacific Ocean lies a tropical paradise - the island of Maui. Here you'll find the Hyatt Regency, a spectacular beachfront resort on the famed Kaanapali Beach. Beautiful lagoons, lush tropical gardens and ample amenities present a myriad of options for each guest to create their own personalized retreat. Relax in elegantly designed guest rooms offering stunning views from a private balcony. Delight in the spa, or challenge yourself on nearby championship golf courses. Choose from extensive dining options, including poolside casual and many restaurants. Take advantage of

conference discounts by making reservations through A Meeting by Design at 888-995-3088.

Resort View \$209 Golf/Garden /Mtn View \$239 Partial Ocean View \$269 Deluxe Ocean View \$298

Additional condominium options for accommodations are available at other nearby resorts for as low as \$189!

Recreational Activities at or nearby the Hyatt Regency Maui

While there is plenty to do at Hyatt Regency Maui Resort & Spa, there is also a multitude of exciting Maui activities within close proximity. We're just a 15-minute walk from the shops of Whalers Village, the town of Lahaina, and the long boardwalk along Kaanapali Beach. You'll find good snorkeling awaits you at nearby Black Rock, which offers the easiest snorkeling for kids.

When you are ready to venture out of our magnificent resort, allow our friendly staff to assist you in planning what to do in Maui and visiting the best Maui tourist attractions including: family-oriented programs; Snorkel Cruises; Surfing / Windsurfing Lessons; Scuba Diving Instruction; Stand Up Paddle Board rentals / Lessons; Whale Watch Cruises; Kayak / boogie board rentals. Call 888-995-3088.

Special Pre-Conference Workshops

Wilderness Survival “Come Back Alive”

Wednesday, April 8, 8:00 am – 4:00 pm \$140

A dynamic hands-on survival training program designed to provide attendees with real skills and experience in a short time. Howard Donner, MD, a renowned expedition physician, and Kyle Allred, PA-C will teach practical, hands-on techniques and demo equipment to help you survive a Wilderness survival emergency. This exciting, all day workshop is conducted both in the classroom and outdoors at our local field site. Limited enrollment (register early!) Topics and experiences include:

- Basics of Travel Safety
- Personal Protective Clothing
- Building micro-survival kits
- Emergency shelter building
- Building fires
- Improvisation Skills

Faculty:

Howard Donner MD and Kyle Allred PA-C \$140

Howard Donner, MD
World renowned
Expedition physician

Wilderness Navigation

Wednesday, April 8,
8:00 am – 4:00 pm \$140

Learn essential navigation skills critical to enhancing safety during wilderness travel. In this hands-on workshop you will learn to: Read a topographical map; Use a map and compass together for route finding; plot a route, trace back, plot your location using GPS.

Faculty: Sheryl Olson, RN/BSN

The Program

Wednesday, April 8, 2015

4:00-7:00 pm **Registration**

7:00 pm **Wilderness Medicine: “Setting The Stage”**

Gene Allred, MD

7:10 pm **Hypothermia – Current Management**

Eric A. Weiss, MD

8:10 pm **Altitude Illness:**

Advances in Prevention and Treatment

Peter Hackett, MD

9:00 pm **Special Evening Program (Guests Welcome)**

Polar Scuba Diving in Antarctica-

A photographic journey, Join Dr. Karen Van Hoesen for an epic research expedition below the ice sheet in Antarctica. Incredible beauty and wildlife photography!

Karen Van Hoesen, MD

Thursday, April 9, 2015

“Extraordinary conference... most enjoyable learning experience I have ever encountered.”

Joseph Easley, MD

7:00 am **Late Registration / Continental Breakfast / Exhibits**

8:00 am **Wilderness Trauma Management and Improvised Field Care**

Eric A. Weiss, MD

9:00 am **Frostbite – Current Management**

Peter Hackett, MD

9:40 am **Coffee Break**

9:55 am **Snake Envenomations**

Rick Clark, MD

10:45 am **Malaria, Dengue, West Nile and other Mosquito Borne Diseases**

Jay Keystone, MD

11:30 am **Surviving the Unexpected Night Out- “Come Back Alive”**

Kyle Allred, PA-C

12:15 pm **Adjourn - Enjoy Maui (see recreation)**

or attend one of our optional workshops

7:30 pm **Bites and Stings – Spiders, Scorpions, Bees, & Ants**

Rick Clark, MD

8:15 pm **Special Evening Program (Guests Welcome)**

Medicine in Malawi- “The Warm Heart of Africa”

Dr. Serra shares his heartwarming work in East Africa to help victims of polio as well as his work with Rotary International Medical teams around the globe.

Joseph B. Serra, MD

The Program

Friday, April 10, 2015

"The conference is just teeming with great speakers... magnificently exciting talks... just a perfect balance of business and fun."

Carol Ferris, MD, (EM)
Hamilton, Bermuda

- 7:00 am **Continental Breakfast / Films / Exhibits**
- 8:00 am **Fracture and Dislocation Management In the Backcountry**
Joseph B. Serra, MD
- 9:00 am **Environmental Heat Illness**
Eric A. Weiss, MD
- 9:45 am **Coffee Break**
- 10:00 am **Preparing for Foreign Travel – The “Ten Commandments” to Stay Healthy**
Jay Keystone, MD
- 10:45 am **Diving Medicine – Diagnosis and Treatment**
Karen Van Hoesen, MD
- 11:30 am **Wilderness Dermatology Part I: The Sun and the Skin**
Jeri Mendelson, MD
- 12:15 pm **Adjourn - Enjoy Maui** (*see recreation*)
or attend one of our optional workshops
- 7:30 pm **Lightning: Injuries and Prevention**
Sheryl Olson, RN, BSN
- Special Evening Program** (Guests Welcome)
- 8:45 pm **Hazardous Marine Animals and Shark Attacks**
Karen Van Hoesen, MD

Saturday, April 11, 2015

"I was inspired on many levels - certainly the best conference I have ever attended... this conference is such a unique one...such a wonderful experience... it reminds me of why I went into medicine in the first place!"

Sandra Deveny, MD
(Emergency Medicine)

- 7:00 am **Continental Breakfast / Films / Exhibits**
- 8:00 am **Lyme Disease and Other Tick Borne Diseases**
Jeri Mendelson, MD
- 8:50 am **Planning Your Wilderness Medical Kit**
Howard Donner, MD
- 10:00 am **Coffee Break**
- 10:15 am **Wilderness Dermatology Part II: Plant Dermatitis**
Jeri Mendelson, MD
- 10:50 am **Traveler's Diarrhea – Prevention and Treatment**
Jay Keystone, MD
- 11:40 am **“The Crashing Patient” – Improvised Critical Care in the Wilderness**
Bernard Dannenberg, MD
- 12:30 pm **Adjourn - Enjoy Maui** (*see recreation*)
or attend one of our optional workshops
- 7:30 pm **Special Presentations** (Guests Welcome)
“Wilderness Beauty” – A Multimedia Presentation
An inspirational photographic journey to cutting edge adventure in some of the world's most breathtaking locations.
Gene Allred, MD
- 7:45 pm **Medicine in the Extremes: “From the Tundra to the Tropics”**
Dr. Donner and Dr. Weiss are among the world's leading wilderness physicians. The stories of their medical expeditions around the globe are filled with insights, improvisation, drama, and inspiration.
Howard Donner, MD and Eric A. Weiss, MD

Exciting Course Workshops

Sunday, April 12, 2015

8:00 am - 1:00 pm Participants may attend 5 different workshops of their choice. (One hour each - listed below). The workshops below are included in your course tuition, and do not require pre-registration.

1 FRACTURE & DISLOCATION MANAGEMENT: Methods for recognizing, and treating fractures and dislocations in the backcountry will be demonstrated. *Joseph B. Serra, MD*

2 WILDERNESS PEDIATRICS: TAKING CHILDREN SAFELY INTO THE WILDERNESS: Learn basic pediatric wilderness medicine and also how to maximize enjoyment, appreciation, and safety on family wilderness trips. *Gene Allred, MD*

3 AVALANCHE AWARENESS: An overview of avalanche hazards and how to minimize risks in avalanche terrain. Safety and rescue equipment and strategies will be discussed and demonstrated. *Kyle Allred, PA-C*

4 BACKCOUNTRY WATER DISINFECTION: Discussion / demo of various methods used to disinfect surface water. Important for health care providers in third world and wilderness environments. *Howard Donner, MD*

5 PRACTICAL SPLINTING SKILLS: Learn techniques for immobilizing fractures, C-spine injuries, sprains and strains in remote environments using SAM splints and improvised materials. *Kyle Allred, PA-C*

6 EYE WEAR & CARE: WILDERNESS OPHTHALMOLOGY: This workshop discusses eye protection and several commonly encountered eye disorders with a diagnostic and therapeutic approach suitable for the wilderness environment. Eye problems that are unique to altitude exposures are also discussed. *Howard Donner, MD*

7 ORIENTEERING / ROUTEFINDING: Basic navigation including map reading skills and use of compass. *Sheryl Olson, RN, BSN*

8 ASSESSMENT AND IMPROVISED TREATMENT AND PACKAGING OF TRAUMA PATIENTS: Participants will practice utilizing improvised and specialized rescue equipment to splint, stabilize and transport trauma victims. *Sheryl Olson, RN, BSN*

9 WILDERNESS MEDICINE CASE STUDIES: Provocative and educational real-life case studies will be presented in an interactive manner to maximize learning. *Peter Hackett, MD*

10 WHITEWATER MEDICINE, SAFETY AND RESCUE: Learn essentials of river safety, risk management and basic rescue techniques. Learn basics of crossing swift-water rivers safely and other backcountry travel skills. *Gene Allred, MD*

11 RESCUE ME!: Life-saving new technologies for "staying found" in remote environments. Includes discussion of latest technology in personal locator beacons (PLB's), SPOT, apps for mobile devices, etc. *Howard Donner, MD*

12 IS THERE A DOCTOR ON BOARD? - Medical Emergencies at 30,000 feet! Medical considerations if you are called as a health professional to assist a passenger on a commercial air flight. *Howard Donner, MD*

Children & Teen – Educational Program

This series of workshops and activities have been designed to maximize enjoyment and education for your entire family. Our Wilderness Education Program for Children is highly acclaimed and classes fill quickly! Please register early as space is limited.

SURVIVAL

Survival for Kids — An interactive and educational workshop designed exclusively for children that provides a positive, fun and rewarding experience. Children learn how to avoid getting lost, how to spend a survival night out and how to stay warm. They practice signaling and building improvised shelters. (Ages 6-12)

April 9 or April 11, 8:30 – 11:30 am \$60

Survival for Teens — This course is designed to teach older children how to navigate safely and avoid getting lost in the backcountry, how to build improvised shelters and fires, find food, and survive the unexpected night out. (Ages 12 and up)

April 10, 8:30 – 11:30 am \$60

NEW CHILDREN'S AND TEENS WORKSHOP:

Marine Biology / Marine Animal Identification Workshop — A fun and educational introduction for kids and spouses to fascinating sea creatures and their habits taught by renowned expert Karen VanHoesen, M.D.

April 9 or April 10, 1:00 – 2:30 pm \$20

Testimonials from your colleagues

"This was the most FUN and most INTERESTING and most RELEVANT medical conference I have ever attended!"
Sue Rominick, MD - Rheumatology

"Phenomenal course with much content not available in other programs! ... excellent, in-depth, very relevant, and practical."
Joseph Leader, M.D. Pediatrics Lexington, Mass.

"Inspirational... Excellent, well-organized, and fun! Very practical."
Nan Herriot, MD - Internal Medicine

"The course excited me... every topic and every lecture had a pearl of information that will help me in my practice or my outdoor activities."
Charles Katz, MD - ENT- SLC, Utah

"Couldn't be a better course"
Tabasum Isram, MD - Family Practice - Greenwood, AZ

"Fantastic course. Every lecture seemed highly relevant to the wilderness environment. Great, experienced, charismatic faculty."
Matt Danigelis, MD - Emergency Medicine - Florence, Or.

Optional Conference Workshops

PRE-REGISTRATION REQUIRED & CLASS SIZE IS LIMITED. *The optional workshops listed below are offered in conjunction with the conference to enhance your experience. Please note that these workshops are separate from the course workshops which are included with your tuition on Sunday, April 12th.*

WILDERNESS SURVIVAL: This workshop is a hands-on skill building experience. You will learn how to construct shelters, obtain food and water, build fires with primitive tools, signal, track, routefinding and survival kits.
Thursday, April 9 or Saturday, April 11, 1:30-5:00 pm. \$65

ADVANCED ORTHOPEDIC FIELD SKILLS / SPLINTING WORKSHOP: Extremely valuable skills taught include: Learn how to splint all common fractures / major joints using SAM splints or other improvised splints, ankle taping, improvised femoral traction splinting, improvised neck and back immobilization.
Thursday, April 9, 3:15-5:30 pm. \$50

OUTDOOR ADVENTURE PHOTOGRAPHY WORKSHOP: Learn new and creative ways to compose and capture natural beauty and adventure in the outdoors. Technical aspects of lighting and equipment will be discussed. The seminar will also focus on how to work artistically to create beautiful, dynamic, and adventurous images.
Thursday, April 9 1:30-4:00 pm. \$55

MARINE BIOLOGY / MARINE ANIMAL IDENTIFICATION WORKSHOP: An introduction to common marine species found in the Hawaii area. Taught by Karen Van Hoesen, M.D., director of Diving Medicine at UCSD.
Thursday, April 9 or Friday, April 10, 1:00-2:30 pm. \$20 Children and spouses welcome.

PRACTICAL WILDERNESS MEDICAL SKILLS "WHAT THEY DON'T TEACH YOU IN MEDICAL SCHOOL": This popular intensive "hands-on" workshop, lead by Howard Donner MD, has limited enrollment and always fills up fast. Participants will learn and practice scene management, backcountry patient assessment, improvised splinting and trauma care, lifting and moving injured patients, and more. Includes all equipment, critiqued scenarios and simulations.
Friday, April 10, 1:30-5:30 pm. \$60

COMPASS NAVIGATION SKILLS: Learn practical and valuable field navigation skills using map and compass.
Thursday, April 9, 1:30-3:30 pm. \$40

COMPASS NAVIGATION UNDERWATER: Certified scuba divers only. Time to go diving and practice your compass skills underwater. Cost of dive is included. Dive equipment not included. Must have your own UW compass. **Prerequisite:** Basic Compass Navigation
Friday, April 10, 1:30-5:00 pm. \$85

GPS NAVIGATION: When you don't want to be blown off course by water currents or wind, a GPS is the tool to use to stay on course. This class teaches everything you need to know about using GPS in the wilderness to enhance your safety. GPS units provided.
Thursday, April 9, 3:30-5:30 pm. \$40

OCEAN SURVIVAL: Practice crucial skills which will help if you are caught in an open water survival scenario. **Saturday, April 11, 1:30-3:30 pm. \$40**

The workshops feature practical skills taught in small groups.

About Our Distinguished Faculty

KAREN VAN HOESEN, MD, FACEP: One of the world's leading authorities on diving medicine and physiology. Clinical Professor of Emergency Medicine at UC San Diego; Director of the UCSD Diving Medicine Clinic; Scripps Institution of Oceanography Diving Control Board; NAUI diving instructor; has dove on all 7 continents. Honors include the 2014 DAN/Rolex Diver of the Year Award; inaugural member of the Women Divers Hall of Fame.

HOWARD J. DONNER, MD: Filmmaker/Physician/Guide, Member 1997 Nova Everest Expedition; NASA consultant; expedition doctor, 1988 American Kangchenjunga Expedition; Co- author, *Field Guide to Wilderness Medicine*.

RICHARD F. CLARK, MD, FACEP: Executive Director, California Poison Control System; Director, Division of Medical Toxicology, USCD Medical Center, Professor of Emergency Medicine, UCSD Medical Center, San Diego, CA.

BERNARD W. DANNENBERG, MD, FAAP, FACEP: Clinical Associate Professor of Surgery; Director, Pediatric Emergency Medicine, Stanford University Medical Center and Lucille Packard Children's Hospital.

PETER HACKETT, MD: Clinical Director, Altitude Research Center, University of Colorado School of Medicine; Director of Emergency Services, Telluride Medical Center; Director of the Institute for Altitude Medicine at Telluride.

JAY S. KEYSTONE, MD, MSc (CTM) FRCPC: Professor of Medicine, and Director, Tropical Disease Unit, University of Toronto Medical Center, Toronto, Ontario, Canada; Past President, International Society of Travel Medicine.

JERI MENDELSON, MD: Dermatologist, Medford, Oregon; Formerly Wildlife Biologist with Smithsonian in Thailand.

JOSEPH B. SERRA, MD: Founding member of the Wilderness Medical Society; Orthopedic Surgeon, Stockton, California, 25 year member, National Ski Patrol, Rotary International to Africa.

KYLE ALLRED, PA-C: Professional expedition and whitewater guide. Has guided extensively in Africa (Kilimanjaro), South America (Inca Trail, Aconcagua), Asia (Everest region), and Europe. Co-owner of Adventure Whitewater, a whitewater river guide service.

SHERYL OLSON, RN, BSN: Wilderness Medicine and Safety Instructor. Helicopter flight nurse. International adventure and expedition trip instructor and guide. Manitou Springs, CO.

COURSE DIRECTORS:

GENE ALLRED, MD: Emergency Physician, Ashland, Oregon; Professional Whitewater and Mountaineering Guide for over 25 years. Has taught wilderness medicine on six continents.

ERIC A. WEISS, MD, FACEP: Professor of Emergency Medicine and Director, Stanford Wilderness Medicine Fellowship, Stanford University School of Medicine; Medical Consultant, National Geographic Society, Author of *A Comprehensive Guide to Wilderness and Travel Medicine*.

CME Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Center for Emergency Medical Education (CEME) and Wilderness and Travel Medicine, LLC.

The Center for Emergency Medical Education (CEME) is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation: The Center for Emergency Medical Education (CEME) designates this live activity for a maximum of 23 *AMA PRA Category 1 Credits*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is anticipated to offer up to 23 hours of AOA Category 2-A CME credit, pending approval by the AOA.

Disclosure: It is the policy of Center for Emergency Medical Education (CEME) to ensure balance, independence, objectivity, and scientific rigor in all its sponsored educational activities, and that all contributors present information in an objective, unbiased manner without endorsement or criticism of specific products or services and that the relationships that contributors disclose will not influence their contributions. Those in a position to control the content of this educational activity are required to disclose to learners all relevant financial relationships with any commercial interests prior to the beginning of the educational activity.

Resolution of Conflicts of Interest: In accordance with the ACCME Standards for Commercial Support of CME, the Center for Emergency Medical Education implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

AAFP: Application for CME credit has been filed with the American Academy of Family Physicians. Determination of credit is pending.

ACEP: Approved by the American College of Emergency Physicians for a maximum of 23 hour(s) of ACEP Category 1 credit.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurse Credit: Under the new BRN guidelines, this course is also accredited for up to 23 hours of nursing credit.

Physician Assistants: The American Association of Physician Assistants accepts Category 1 CME approval from organizations accredited by the ACCME.
